Introduction

I am a Passionate and motivated Entry Level MERN Stack Developer seeking an opportunity to contribute technical skills and enthusiasm for coding in a collaborative environment. Eager to apply knowledge gained through education and hands-on projects to create innovative solutions and enhance user experiences. Committed to continuous learning and growth in web development to drive success for both clients and the team.

Skills

Languages: Java, HTML, CSS, JavaScript, Nodejs, SQL, Restful API's

Technologies: VS Code, Postman, XCode

Soft Skills: Communication, Listening Skill, Time Management, Problem-Solving, Leadership

Education

Bachelor's of Computer Science, SRM University Ghaziabad,UP *Sept 2021 – June 2025*

- CGPA: 8.25/10
- **Coursework:** Data Structure and Algorithm, Database Management System, Operating System, Computer Architecture

12th, Gulmohar Public School, Kanpur, UP *2019 – 2020*

- Percentage: 73%

10th, Gulmohar Public School, Kanpur, UP *2018 – 2019*

- Percentage: 78%

Position Of Responsibility

Organiser/Logistics Manager

Hackhound

SRM University

Oct 2022 – May 2023

- Organised a 24 hour National Level Hackathon with MLH.
- Lead a team of 20 members.
- Managed over 250 participants, Including Judges and Mentors.

Projects

Portfolio Website

[Portfolio Website Link](#) 

- Built a portfolio website to showcase my projects and resume so recruiters can contact me.
- Made a Contact Form using API which sends the details to my email.
- Tools Used: HTML, CSS, JavaScript, WEB3 Forms API

API based project

2024

- Built a Full Stack project.
- Developed an API that takes alphanumeric input and gives numbers and alphabets separately as output.
- Frontend takes alphanumeric input from the user and calls the backend API which gives the JSON file as output to the frontend so that the user gets the separated numbers and alphabets as output.
- Tools Used: HTML, CSS, JavaScript, Nodejs, Postman

Weather App

[Github Repo Link](#) 

- Built a website that tells the temperature, humidity and wind speed with the help of open weather API to fetch these details.

- Tools Used: HTML, CSS, JavaScript, API, Open Weather App API

Amazon Website Clone

[Github Repo Link](#) 

- Build a clone of Amazon E-Commerce Website that looks the same as the original one.
- This Project helped me learn and practise HTML and CSS deeply.
- Tools Used: HTML, CSS

Certifications

HTML, CSS JavaScript For Web Developers

Coursera

- Completed a 5 module course from Coursera and learnt about HTML, CSS and JavaScript.

Introduction To Machine Learning

NPTEL

- Completed an 8-week course from IIT Kharagpur and learnt a lot about Machine Learning.

Extra-Carricular Activities

- Badminton
